Health Education England

**Delivering high quality, effective, compassionate care:
Developing the right people with the right skills and the
right values : A mandate from the Government to
Health Education England: April 2015 to March 2016**

Unnecessary attrition from training programmes can result in significant cost and impact on the health and wellbeing of students. HEE's objective is to reduce avoidable attrition from training programmes by 50% by 2017.

Continuum of Interventions

From attraction to a career in healthcare to being a confident and competent registered professional

The later the attrition the more costly to both the individual and the public purse
