

The North West Healthcare Science TRAINEE NETWORK

NHS

Health Education North West

**FOR ALL HEALTHCARE SCIENCE
TRAINEES AND EARLY CAREER SCIENTISTS**

Aims:

- To create an innovative healthcare science workforce delivering safe, high quality patient care.
- To support, promote, consult with and enable all healthcare science trainees across the North West.

www.nwhcs.nhs.uk/resources/trainees-network-board

- The first trainee network in the country
- Run by healthcare scientists and STP/PTP trainees
- Representing the interests of all trainees
- Exclusively to help students through their training
- Free events, resources and support from other trainees
- Identifying and solving common problems
- Supporting trainees starting their careers
- Opportunities for professional networking
- Raising the profile of healthcare scientists
- Membership open to all
- Supported by the wider North West Healthcare Science Network
