Student Engagement Forum

When and Where?

18th of May 2016, 9:00am – 11:30am at the Sports and Social Club.

Who is for?

All Bolton Foundation NHS TRUST Healthcare Learners.

What is it about?

The learners' voice.

Bolton Foundation Trust values its learners and wants to ensure that they feel they are a part of the organisation. The first event will be focused on the new Trust Values and report generated from a student engagement survey.

What do people need to do to get involved?

There will be a pre-event engagement survey capturing the learners' experience of the Bolton NHS FT workplace that will be available on the intranet - please complete before the event. This will help inform part of the first Student Engagement Forum.
