

Dear All

Thank you for taking the time to complete the Student Engagement survey and requesting a place at the forum.

I am pleased to confirm that a place has been reserved for you and please find attached an agenda for the morning.

We want this Forum to be about the students' voice and as such we have allocated two sections where you will be given the opportunity to have your say.

10:30am- 11:00am we have a slot titled 'Ideas for Future Support' - to help us plan the morning please would you email any issues you would like us to discuss. You have until Monday 16th of May 09:00am to highlight any issues you would like to discuss. Should we not receive any issues from you, we will discuss current issues regarding students.

Kind Regards

Itai Collier
