# Agenda for Today

Health Education  
Yorkshire and the Humber

10:00	Welcome and Introductions
10:05	National and regional eLearning updates
10:30	PRASE App
11.00	Regional Developments
11:15	Refreshments
11:30	TinCan
12.00	Skills for Health
12:30	Lunch and Networking
13:30	OLM eLearning update
14.00	Medical Devices
14:30	Refreshments
14:35	LMS break out Groups
14:55	Summary and Close

# National and Regional Updates

Kate Holliday

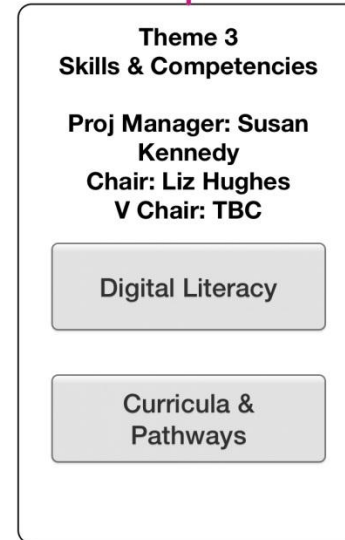

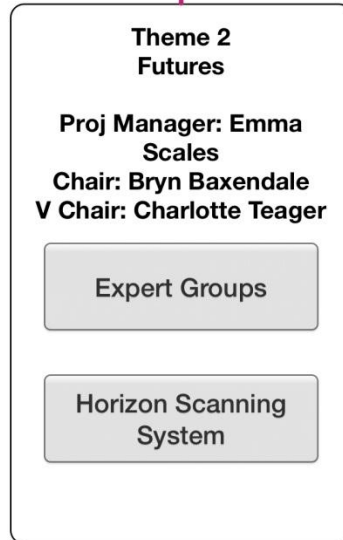

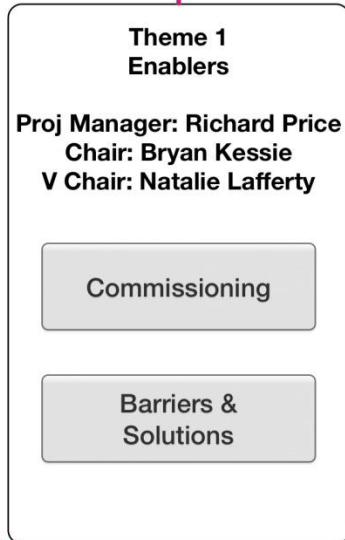

[Kate.Holliday@yh.hee.nhs.uk](mailto:Kate.Holliday@yh.hee.nhs.uk)

# National Mandate

- Stat and Mand – Business Case
- Junior Doctor Induction
- Review Safeguarding Children – final release due Aug
- Veterans Health – Update RCGP package and transfer ownership to HEE
- MH Awareness and A&E – scoping
- Safer Staffing - Scoping

# TEL Programme Governance structure

# e-LfH Platform

- Local and National Content
  - Should national version take precedence
  - Should e-lfh retain both, one in local area and one in the main programme area?
  
- Access to content is not restricted and available to all

# Functions for e-LfH

- Uploading content
- Assigning new permissions to users
- Resetting passwords

# Support Processes

- Calls come to e-LfH
- Technical queries dealt with by e-LfH
- Problems with content passed to LETB
- Single sign on using Athens

# Regional

- New Education Committee
- TEL Transformation Programme
- All queries to  
[elarningsupport@yas.nhs.uk](mailto:elarningsupport@yas.nhs.uk)

# Development of the PRASE App - a Bradford Case Study Part of the PRASE project

Chioma Obasi

Quality & Patient Safety Manager

Bradford Teaching Hospitals NHS Foundation Trust

# Agenda

- Introduction
- PRASE Background
- Project aims
- Previous solution
- PRASE app
- App development progress to date
- Next steps
- What worked well / Challenges
- Any questions

# PRASE Background

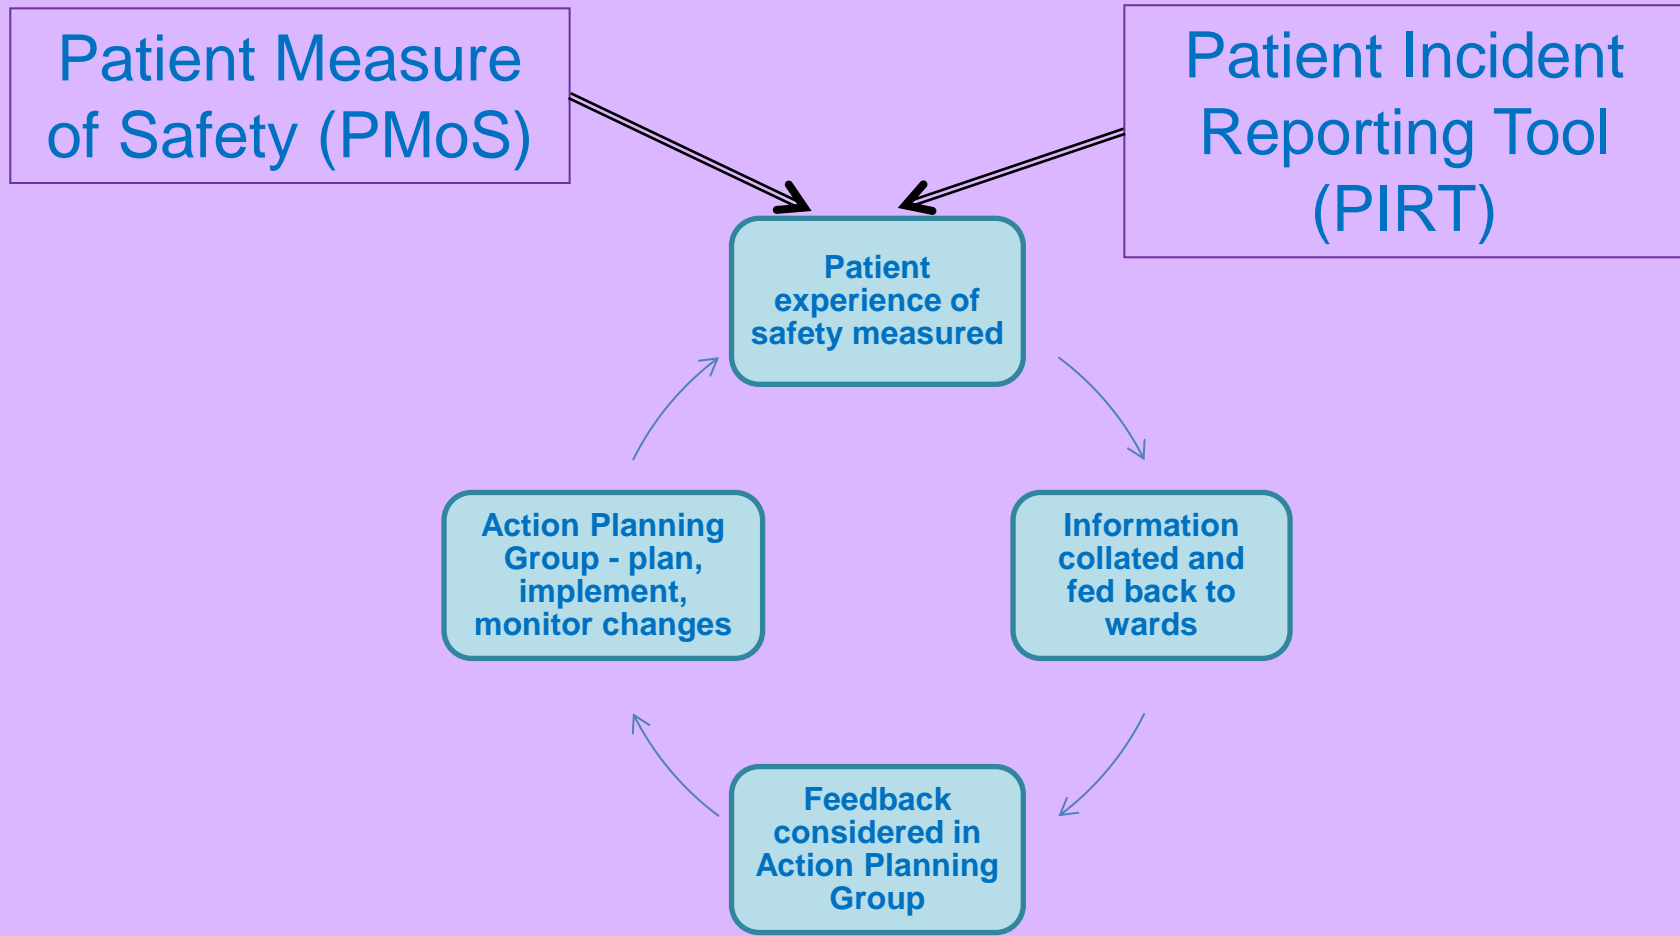

PRASE means Patient Reporting and Action for a Safe Environment

- Inpatient Safety questionnaire – evaluates perception of safety in hospital
- Developed by Quality & Safety Team (BIHR)
- Health Foundation bid (across 3 sites- led by Bradford ... Barnsley, Hull)
- Use of volunteers

# The PRASE Questionnaire

- 44 item questionnaire
- Based on 9 safety domains
- Questions developed based on factors known to contribute to patient safety incidents.
- PMOS – Patient Measure Of Safety
- PIRT – Patient Incident Reporting Tool

# The PRASE Intervention

# Project aims

- Can volunteers successfully collect patient feedback using the PRASE questionnaire;
- Can the data collected be used to make measurable improvements in quality and safety on the ward;
- Can the PRASE intervention be used nationally and internationally within health services to capture the patients' experience of safety.

# Previous solution

- Not user friendly
- Clunky
- Reliant on paper copies
- Use of laptops only if on own site
- Not remotely accessible
- Resource intensive

# PRASE app

- Commenced a tender process to identify a supplier prepared to take an iterative approach to developing a 'system' with the view of deploying and testing updates incrementally.
- Supplier to work with the pre-existing content to enable this to be easily accessible to a wide range of users outside the Trust.

# Key features of the app

- Allow patients to report their experience of the safety of their care;
- Allow staff to capture patients' experience of safety on the ward / in their unit;
- User friendly and accessible for volunteers
- Allow remote reporting;
- Link data by healthcare unit, specialty and region etc.;
- Allow key users interrogate the data and draw meaningful conclusions in a timely manner.

# Hosting arrangements

- Temporarily held by the developers on their core server
- Yorkshire Ambulance Service (YAS)

# App development progress to date

- Tender process completed – June 2014
- 1<sup>st</sup> meeting with 'The Distance' – July 2014
- User experience workshop – Sept 2014
- PRASE app minimum viable product released – Oct 2014
- Ipad devices procured – Nov 2014
- Minimum viable product tested (PDSA) – Dec to Jan 2015
- Registered the PRASE domain with HSCIC DNS team – Dec 2014
- Final versioned release to date – May 2015
- Migration of PRASE app to live server – May 2015

# Next steps

- Reporting template development – on hold to commence after stakeholder input
- CMS development – ongoing
- [www.site](#) – future prospect

# Worked well

- Leadership / Steering Group
- Agile approach to development
- Pay as you go
- Opportunity to test incrementally throughout development - PDSA
- Relationship with developers
- Learning transferred to other Trust sites involved
- Basecamp

# Challenges - generally

- Procurement system- ipad devices, payment
- Setting up/ configuration of the devices
- Wifi connectivity
- App bugs/glitches
- Delayed migration of the app – wider project implications
- Budget

Any questions

# YH Regional Developers Update

Louise Gardham

10 June 2015

# Medicines Management

Developers: **Waheed** and **Reena**

## Calculating Drug Doses

- QA testing

## Medicines Management Essentials

- Final round of feedback

## Prescribing and Supply

- Draft out for review

## Administration of Medicines Safe Handling of Medicines

- In progress

# Clinical Skills

Develop required knowledge before attending clinical skills simulations or classroom-based training.

## Breech Delivery

- with ESR Central preparing to launch

## RAMPSS (Recognising and Assessing Medical Problems in Psychiatric Settings)

- QA testing

# Business Administration Apprenticeships

Enable any business administration staff taking a level 2 QCF qualification to build a portfolio of evidence.

**All now available**

## Storage and Retrieval of Information Archiving Information

000 YH Archive Information

## Taking Minutes

000 YH Taking Minutes

## Domestic Violence and Abuse L2

- follow up to (000 YH Domestic Violence Basic Awareness Level 1)
- script/development in progress – **Lou**

## Carbohydrate Counting

- BTH conversion to regional – **Lou**

## Male Urinary Catheterisation

- 1<sup>st</sup> draft with SME – **Vanessa**

## Infant Feeding

- new project – **Reena**

## Acute Kidney Injury

- new project – **Reena**

**Diabetic Foot Screen** - V2.0 now available

**Cervical Sample Taker** - V2.0 available

**Management Skills x 16** - V2.1 national versions available as 000 on ESR

**Safer Use of Insulin** - Source files available from elearning support for customising/localising

Do people feel more confident and competent on the post-assessment than on the pre-assessment?

Confidence - All Activities

Competence - All Activities

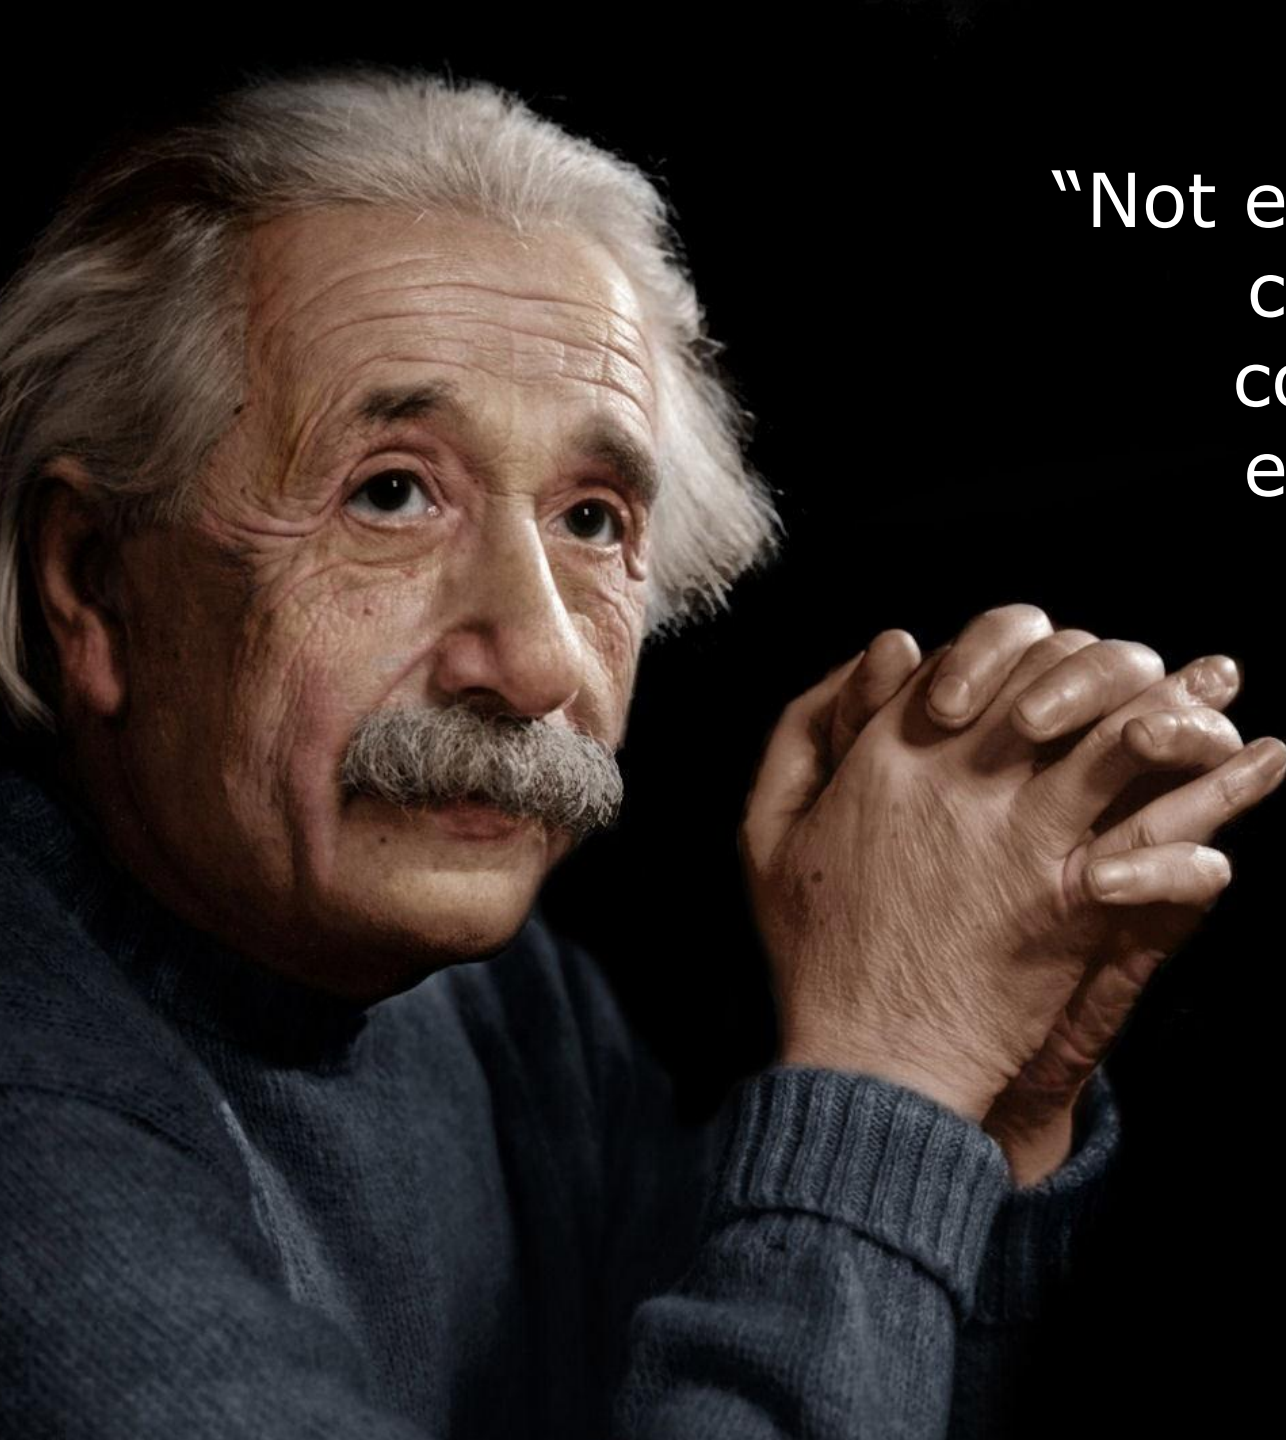

Does participating in more activities make people more confident and competent?

Confidence - Number of activities

Competence - Number of activities

"Not everything that  
can be counted  
counts, and not  
everything that  
counts can be  
counted"

Albert Einstein

# Skills for Health's E-learning

**Bryan Kessie & Tim Lund**

*We are a leading provider of e-learning to the UK health sector with **over 500,000** completions per annum in the NHS alone.*

*Our e-learning for statutory and mandatory training complies with the **UK Core Skills Training Frameworks** - designed to deliver consistency across the health care sector*

# What we do

Meet **national standards** of training for the health sector

## Welcome

Thank you for using the National Skills Academy (NSA) Health E-learning platform (previously named Skills for Health e-learning), where you can access our extensive portfolio of national core learning. This is the new design for our existing portfolio, providing you with access to the same range of high quality e-learning programmes as before. If you previously registered on the Skills for Health e-learning platform your existing login details will continue to work on this site.

**Bespoke** developments

Courses used by **over 3000 organisations**

Provide one of the largest **moodle** platforms

# Organisations we work with

# CORE SKILLS TRAINING FRAMEWORKS

# Core Skills Training Frameworks

- Launched in 2013
- Initial framework was based on statutory and mandatory training
- Aims:-
  - To agree a common standard of training
  - Reduce duplication of training for staff
  - Mapping tool for alignment
  - Directory of organisations signed up to CSTF
- Growing use of CSTF – over 157 organisations signed up
- Organisation signs up to the framework
- Currently self -assessment of the framework learning outcomes
- Looking at improving QA as the next step for Frameworks
- Growth to 5 frameworks in 2015/16

# Current Frameworks

## In Place

- Core Skills – Statutory and Mandatory
- Core Skills – Clinical / Care

## In development

- Core Skills – Dementia

## In planning

- Core Skills – Mental Health
- Core Skills – Learning Disabilities

# CSTF Declarations of Alignment (June 2015)

## NHS England Acute Trusts

## NHS England Mental Health Trusts

## NHS England Health & Care Trust

## NHS Wales Health Boards

## **ESR Programme Update**

Yorkshire & Humber  
eLearning Club  
10<sup>th</sup> June 2015

Steven Gregg-Rowbury  
Senior ESR Account Manager  
North & Midlands

## Agenda

- ESR Transition & Enhance Update
- Recent enhancements and changes
- NLMS & OLM Updates
- ESR Utilisation: OLM

# ESR Transition & Enhance Update

## Transition to IBM

Transition Bulletins sent out to all NHS ESR Stakeholders – including user notice distribution

- IBM took control of ESR in June 2016
- June-November 2016 transition to new hardware and service
- New [Infopoint](#) website
- SR portal remains unchanged for time being

Adobe Acrobat  
Document

## Background to the Enhance Programme

- NHS Requirements determined with user groups and through communications to HRDs from NHSE
- Recorded in NHS-0116 document - ranked as Essential, Important, Aspirational
- Work Packages 1-16 created to group together the enhancements to deliver all requirements
- WP 1-9 delivered in Tranche 1 – All delivered by August 16 (all Essential requirements)
- Work Package 1-3 developed and deployed through Pilot process
- Remaining Work Packages will use existing user networks

## Work Packages 1-9; All essential requirements

Workpackage	Functionality	Go Live By	Requirements Met
<b>WP 1&amp;2</b>	ESR Portal, SSHR/OLM User Interface redesign and new core process forms	Feb 16	GR2, GR8, GR10, GR16, SA2, SA5, SA6, SS1, SS3, SS2, SA9
<b>WP3</b>	Learning Management Updates	Feb 16	LM1, LM2, LM3, LM5, SA7
<b>WP4</b>	Payroll Administration Improvements	May 16 (Pay1,2,7) Feb 17 (Pay5 & Fin7)	SS2, Pay1 (inc. Pay 1.1 to 1.8), Pay2, Pay7, Pay5, Fin7
<b>WP5</b>	Data Management	Nov 15	GR13, GR9, SA10, SA3
<b>WP6</b>	Expenses Management	Feb 16	Pay3, Pay6, SA7
<b>WP7&amp;8</b>	Reporting	Aug 16	Rep3, Rep2
<b>WP9</b>	Workforce Data	Aug 16	GR1, HR2, HR4, HR8, Pay4

## Work Packages 10 – 16

Workpackage	Functionality	Go Live By	Requirements Met
<b>WP10</b>	Finance	Feb 17	Fin1, Fin2, Fin3, Fin4, Fin5, Fin6
<b>WP11</b>	Data Validation/Full Leaver record	Nov 16	GR3, GR11
<b>WP12</b>	Access Model/Update of Data	Feb 17	SA1, SA8, GR5
<b>WP13</b>	Medical Revalidation	Feb 17	HR9
<b>WP14</b>	Photos in ESR	Feb 17	HR7
<b>WP15</b>	Assignment Level Absence	Nov 17	HR6
<b>WP16</b>	Rehire	May 17	HR1

## Focus on Work Packages 1-3

- Development of new Portal page for all ESR users;
- Improved navigation;
- Embedded BI;
- Broadcast messages;
- Development of new UI for all SSHR users and Learning Administrators;
- Delivery of ESR capability to mobiles and tablets;
- To be delivered with two phases of Pilot – Focus and Test;

### Additional Activity

- Development of 17 new forms to cover key processes outside of SSHR/OLM. To be taken forward with NSIGs;
- Mobile applications development.

## 13 Focus Pilot Organisations

Region	Organisation
<b>NSIG Chair representative</b>	St Helen's and Knowsley NHS Trust

### NHS Wales wins HSJ Award

**ESR is nationally recognised as Technology that improves efficiencies within healthcare**

NHS Wales recently won the coveted HSJ award for "Improving Efficiencies Through Technology". The judges were impressed with how Wales had implemented a comprehensive country wide project aimed at driving workforce efficiencies and benefits from ESR technology.

'Simplify, streamline and standardise' is the phrase that underpinned the methodology and approach of this project to deliver efficiency savings that will be redirected into patient care

# Recent Development Releases

## Release 26 – 28 March 2015

Ref	Title	Source
974	Personalisation changes to forms in OLM Self Service and HR	NHSCT
978	Appraisal reporting in ESR BI	NHSCT
990	Increase visible rows in Certification section of Learner Home Page	OLM

The number of visible rows within the Certifications section on the Learner Home Page will be increased from 5 to 10.

During the transition phase for ESR there won't be any developments until 2016. All scheduled releases are currently for bug fixes and system performance improvements.

## Release 26.1 – 24 April 2015

Ref	Title	Source
993	New competence frameworks and types	NHSCT

- New competence frameworks will be made available in ESR to support Care Certificate and Higher Care Certificate.
- The new frameworks will be included in the pre-hire IAT process which delivers competence information to the Stat and Mand role holder.

# NLMS & OLM Updates

## Updates to national content

May 2016; User Notice 2059

- 11 new UKCSTF Assessments
- 000 Female Genital Mutilation (FGM)
- 11 Stand By Me – (Dementia) CLU Courses

## New national stat/mand competencies

- Existing CSTF Safeguarding Adults competencies renamed to Level 1
- CSTF Safeguarding Adults Level 2 competencies added
- CSTF Safeguarding Children competencies updated to Version 2
- New NHS MAND competencies added
- For more information, see [UN1996](#) and [UN2000](#) on KBase

## ESR Utilisation: OLM
