

Introduction

Relating salary increments to performance is a good way of setting out expectations for employees at the beginning of the year. The benchmarks should of course be achievable but it is much more important for employees to see and understand the road map.

Within INSPIRE you can set out the roadmap with some clear overall guidelines. For example you might decide as an organisation that employees *must achieve an overall rating of 60% to ensure an annual increment*. If an employee is hovering on the borderline and is aware of that there is a big incentive to put in an effort to get beyond the borderline during the year.

Better to have good performance this year than tears next year!

Six Simple Steps

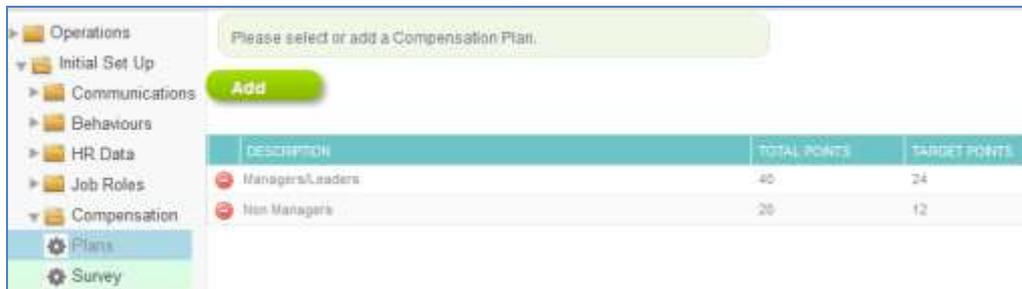

Note: The examples in the following screens are from test/demo data and do not represent real people.

STEP 1

Compensation Plans

You can set up as many Compensation Plans as you like, for example:

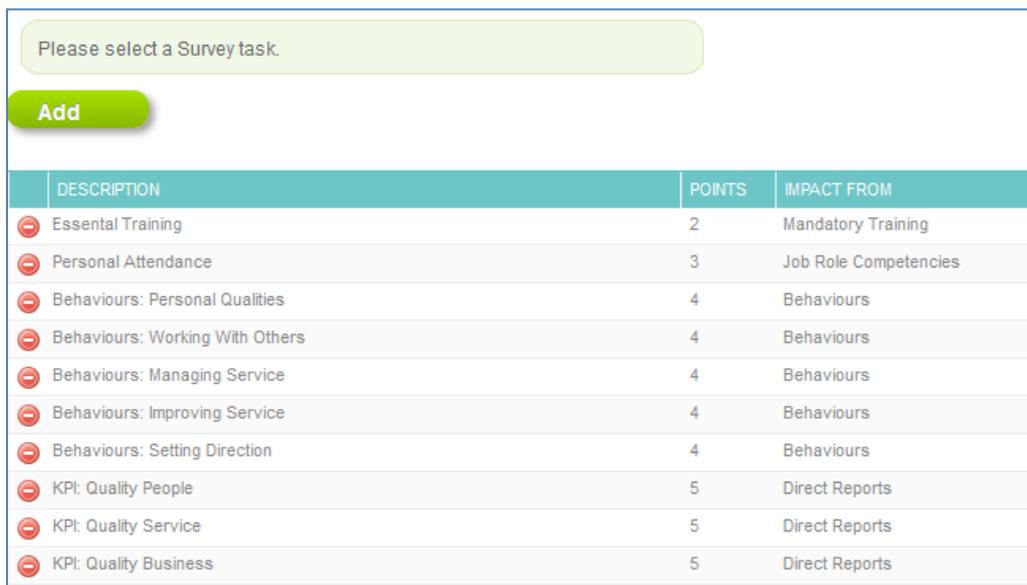

Please select or add a Compensation Plan.		
DESCRIPTION	TOTAL POINTS	TARGET POINTS
Managers/Leaders	40	24
Non Managers	20	12

In the example above for “Managers/Leaders” the total points are 40 made up of several survey benchmarks. The target to receive an increment is 24 i.e. 60% overall.

Compensation Survey

For each Compensation Plan you can set up a series of benchmarks. Here is an example of the Compensation Plan for “Managers/Leaders” above.

Please select a Survey task.		
DESCRIPTION	POINTS	IMPACT FROM
Essential Training	2	Mandatory Training
Personal Attendance	3	Job Role Competencies
Behaviours: Personal Qualities	4	Behaviours
Behaviours: Working With Others	4	Behaviours
Behaviours: Managing Service	4	Behaviours
Behaviours: Improving Service	4	Behaviours
Behaviours: Setting Direction	4	Behaviours
KPI: Quality People	5	Direct Reports
KPI: Quality Service	5	Direct Reports
KPI: Quality Business	5	Direct Reports

There are 10 benchmarks or tasks indicating the importance that the organisation places on each benchmark.

Creating/Changing a benchmark

Description :	<input type="text" value="Essental Training"/>
Sequence :	<input type="text" value="1"/>
Guidance :	
	
You are expected to stay up to date with Mandatory Training which is part of your Personal Development Plan. Defaulting in some job roles can have legal impacts on our insurance and the rating of the oragnisation in quality control audits.]	
Points :	<input type="text" value="2"/>
Impact from :	<input type="text" value="Mandatory Training"/>

There are several decision points here:

- The Sequence Number is used to order the display of the benchmarks. If this ties in with documentation or guidance then keep the benchmarks in the same order.
- You can input text to explain the importance of the benchmark.
- Input the maximum points for the benchmark.
- The benchmark may be dependent on an area of people management such as:
 - Behaviours
 - Objectives
 - PDP
 - Skill Competencies
 - Mandatory Training
 - Job Role Competencies
 - Direct Reports
 - None of the above
- You will see later that the link here can help the manager to deep dive into the underlying information and review it before awarding points.

Step 2

Review Dates

Each employee included in the scheme should have a **Compensation Plan** and a **Review Date**. If there is no Compensation Plan or Review Date then the employee is not included in the scheme. Note that the setup and review is all monitored within the selected Year:

PLEASE SELECT A YEAR	STATUS	END DATE
2013/14	Current	31-03-2014
2012/13	Previous	31-03-2013
2011/12	Archive	31-03-2012

The following intervention screens will help you to see the status of the workforce.

1. These employees have Compensation Plans and Review Dates. They are due a review. To include them in a Review select the employee and confirm.

Step 3

Manager is alerted on “My Team”

When an employee is flagged for a Review the manager is alerted. The Manager sees the alert on “My Team.”

Here we have several employees at different stages:

1. Due but no action from HR:
2. The Manager has not completed yet
3. Waiting on HR approval

The screenshot shows a dashboard for Jane Willams (Theatre Nurse). On the left, there is a profile picture and a list of progress bars: Objectives (0/1), Talent Map, 1-to-1 Sessions (0), and Personal Development (0/1). A 'More...' button is at the bottom. On the right, there are three informational boxes: a red one saying 'Please input ratings for Jane', a grey one saying 'Jane has completed', and a blue one saying 'PD: not completed on time'. At the bottom right is a blue button labeled 'Compensation - click to complete'.

The Manager clicks on “**Compensation – click to complete**” and sees the summary:

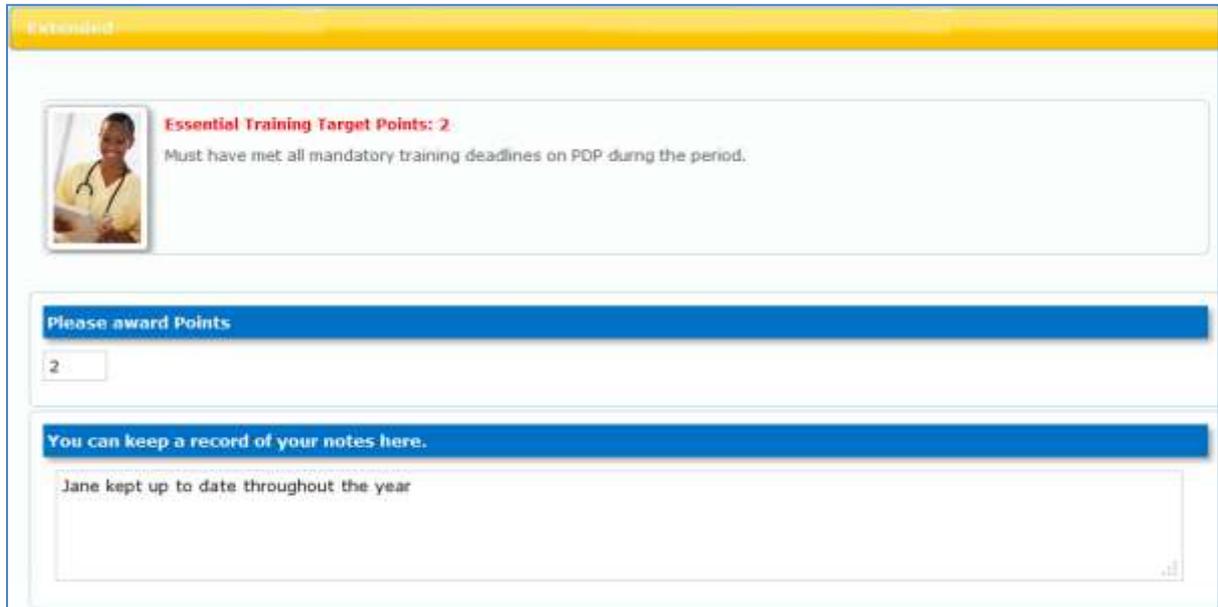

The screenshot shows a summary for Jane Willams' compensation plan. It includes a profile picture, the title 'Compensation Plan: Non Managers Review Date: 31-Oct-2013', and the text: 'You will be assessed for your annual increment on your Behaviours, Objectives and performance on your Job Role.' Below this, it states 'Total Points: 20 and Target Points: 12' and 'Actual Points from the survey: 6 You have completed 3 out of 6 tasks.' A blue button at the bottom says 'Update the survey points'.

The Manager clicks through to “**Update the survey points**”:

The screenshot shows a list of survey points with checkboxes and descriptions. The first three items have green checkmarks and 'More...' buttons: 'Essential Training Target Points: 2' (Points awarded: 2), 'Personal Attendance Target Points: 2' (Points awarded: 1), and 'Behaviours: Personal Qualities Target Points: 4' (Points awarded: 3). The fourth item has a red X icon and 'More...' button: 'Behaviours: Working With Others Target Points: 4' (No points awarded yet).

By clicking on a benchmark the action screen pops-up:

Extended

 **Essential Training Target Points: 2**
Must have met all mandatory training deadlines on PDP during the period.

Please award Points

You can keep a record of your notes here.

Jane kept up to date throughout the year

Note that the task here is related to Behaviours so the Manager can click on the Tab at the top right and see the employee's Behaviours and ratings before awarding points. ***This will help the Manager to speed up the process by having quick access to reliable evidence.***

As noted during set-up in Step 1 above, depending on the task the Tab could have a link to:

- Behaviours
- Objectives
- PDP
- Skill Competencies
- Mandatory Training
- Job Role Competencies
- Direct Reports
- None of the above

Step 4

The Manager approves the completed Compensation Surveys

Finally, when all the tasks are complete, the Manager approves the points awarded and includes an overall observation:

Compensation Plan: Non Managers Review Date: 31-Oct-2013

You will be assessed for your annual increment on your Behaviours, Objectives and performance on your Job Role.

Total Points: 20 and Target Points: 12

Actual Points from the survey: 17 You have completed 5 out of 6 tasks:

Jane more than justified her increment this year. Excellent work - I am recommending her to be in the Talent Pool for prospective managers.

Step 5

HR approves the completed Compensation Surveys

The statistics are displayed by Department:

Please select a Department.
